

The holiday shopping season is in full swing so I thought I would take this opportunity to highlight some of the best deals around the Internet. If you are in the market for a new Windows laptop or a laser printer or a pair of noise canceling headphones, read on.

Happy Holidays!

Laptops

In a *Windows* laptop you are generally looking for an *Intel* i5 or i7 (higher number is better) with a minimum of 8 GB of RAM (the more RAM the better).

Dell Inspiron 15 i5548-1671SLV Signature Edition Laptop

This *Dell* laptop has an *Intel* i5 CPU, 8 GB of RAM, 1 TB hard drive, 15.6" touchscreen and *Windows 10* all for \$499 (\$200 off). "Signature Edition" computers from the *Microsoft Store* come clean (no junkware or 3rd party trialware that must be removed when you get it) which make them an even better deal. *Dell* Inspiron 15 Core i5 Touchscreen 15.6" laptop Signature Edition for \$499: <http://goo.gl/wd8HD1>

ASUS ZenBook UX305FA-USM1 Signature Edition Laptop

If you need something smaller and lighter take a look at this *Asus ZenBook UX305FA-USM1*. It has an *Intel Core M-5Y10* (the *Intel Core M CPU* is designed for longer battery life for mobile users), 8GB RAM, 256GB SSD (solid state drives are faster and more reliable than traditional hard drives), 13.3-inch Full HD display, Signature Edition Laptop for \$599 (\$100 off) and weighs only 2.7 lbs.: <http://goo.gl/bUUOqR>

Printer (black & white laser)

Canon imageCLASS MF227dw Wireless Monochrome Multifunction Laser Printer

Here is a black & white laser printer that can also copy, scan and fax. It uses toner which is more economical than color ink cartridges so if you don't do much color

printing this is a better choice for every day printing. It is wireless so it can be placed anywhere in your home and you can print to it from mobile devices. *Canon imageCLASS MF227dw Wireless Monochrome Multifunction Laser Printer* for \$169.99. Coupon code "EMCKNAP46" cuts it to \$109.99 (\$190 off). With \$2.99 for shipping: <http://goo.gl/rcC3pH>

Printer (color laser)

Xerox Phaser 6500N Color Laser Printer

If you only need a color printer (this one does not copy, scan nor fax) and want a laser printer this *Xerox Phaser 6500N Color Laser Printer* is a 24ppm color and black and white printer. It can be connected via USB 2.0 and Ethernet, but not wireless. It is now on sale for \$150 (\$394 off): <http://goo.gl/DeXn5M>

Headphones

There is nothing like a pair of noise canceling headphones when traveling to make the trip more relaxing. Headphones like this counter out the droning noise that airplanes or trains make so you can hear your movie, music or podcast more clearly. *Bose* charges \$300 or more for a pair like this.

Panasonic Noise Cancelling Headphones RP-HC800-K

Panasonic Noise Cancelling Headphones RP-HC800-K for \$229.99. Coupon code "CYBERMONDAY" cuts them to \$99.99 (\$150 off) and free shipping:

<http://goo.gl/ZERvc0>

If you need to unload any of your old electronics after going on a shopping spree the *NY Times* has a good article on "[How to Sell or Recycle Old Electronics](#)". Happy shopping!

Newsletter Archives

Some of my clients do not realize that my business has expanded to all mobile devices. In fact, any consumer electronic product that you can purchase I can help you with. So if you would like help setting up or syncing your new smartphone or tablet or connecting your new WiFi TV to the Internet, just let me know.
